

## VESTA-GIS Hellenic Workshop and VESTA-GIS & NATURE-SDIplus TRAINING WORKSHOP

VESTA-GIS Hellenic Workshop: Technologies, Training Activities & Scientific Approaches  
27 April 2010, Chania, Kriti (morning session)  
Mediterranean Agronomic Institute of Chania (MAICH)

The Workshop emphasis is on Training Activities focused on GIS Technologies, SDIs and INSPIRE Directive. The workshop is of interest not only to specialists in the field of Mapping, Cartography and GIS, but also to those engaged in the general public and private sector. Students, GIS Civil Servant Practitioners, and scientist of the private sector are encouraged to participate.

VESTA-GIS & NATURE-SDIplus TRAINING WORKSHOP  
27 April 2010, Chania, Kriti (afternoon session)  
Mediterranean Agronomic Institute of Chania (MAICH)

The Workshop emphasis is on INSPIRE Directive, GIS technologies and RTD for Nature Conservation and Protection, via technology transfer also produced by the NATURE-SDIplus eContentPlus EC project. The workshop is of interest not only to specialists in the field of Mapping Nature, but also to those engaged in the general environmental management sectors. Students, GIS Civil Servant Practitioners, and scientist of the private sector are encouraged to participate.
